ABOUT ROME

Rome is the capital city of Italy and of the Lazio region, as well as the country's largest and most populous comune, with more than 2.7 million residents. The metropolitan area has a population of about 4 million. It is located in the central-western portion of the Italian peninsula, where the river Aniene joins the Tiber.

The Mayor of Rome is Virginia Raggi. An enclave of Rome is the State of the Vatican City, the sovereign territory of the Holy See. It is the smallest nation in the world, and the capital of the only religion to have representation in the United Nations (as a non-member observer state).

Rome, Caput mundi ("capital of the world"), la Città Eterna ("the Eternal City"), Limen Apostolorum ("threshold of the Apostles"), la Città dei Sette Colli ("the city of the seven hills") or simply l'Urbe ("the City"), is thoroughly modern and cosmopolitan. As one of the few major European cities that escaped World War II relatively unscathed, central Rome remains essentially Renaissance and Baroque in character. The Historic Centre of Rome is listed by UNESCO as a World Heritage Site.

AIRPORT INFORMATION

Rome can easily be reached by plane and is served by two international airports.

Participants can fly into Rome via Leonardo da Vinci Airport, located in Fiumicino, 34 km from Rome's historic city centre or via Ciampino Airport, situated 15 km southeast of central Rome.

ACCESS TO ROME FROM THE AIRPORTSAccess from Leonardo da Vinci Airport:

The airport is served by the Leonardo Express train operated by Trenitalia, available at the airport terminal. The trip takes 30 minutes (no stops) to Termini Station in Rome - there are two such connections per hour. Alternatively, local trains leave once every 15 minutes, stopping at all train stations. You may have to change at Trastevere, Ostiense (Metro Piramide) or Tuscolana.

Cars rental are available in the airport terminal from all the usual companies.

Access from Ciampino Airport:

There is no rail transport at Ciampino Airport. The options are to take a bus to a rail station (either metro or regular train) or to take a bus or taxi all the way.

ALL THE WAY BY ROAD TRANSPORT

- Terravision runs a direct bus service to Termini. The price is € 5,00 c.a. one-way or € 10,00 c.a. return, taking 55 minutes (about 20 services a day). Despite timing buses to connect with flights, passengers on the return trip from Termini are asked to board the bus 2.5 hours before their flight's departure time. The last bus is at 23:00. Terravision also offers buses from Fiumicino airport to Termini, and a transfer bus between the two airports.
- Schiaffini also runs direct buses to Termini station for € 5,90 one-way, taking 45 minutes, but with far fewer departures than Terravision (see above). These buses are not mentioned on the airport website but they can be found on Schiaffini's own site.
- The fixed fare for a taxi ride to the city centre (inside the Aurelian Walls) is € 40,00, according to the official agreement between Roman taxi driver associations and Rome municipality. It is advisable to negotiate the total price including luggage supplements before boarding the taxi. Cars rental are available in the airport terminal from all the usual companies.

HOW TO GET TO THE MEETING VENUE

From Termini Rail Station:

By taxi - We recommend you to only use licensed taxis available outside the station.

Telephone number main taxis companies:

+39 06 3570 Radio Taxi

+39 06 5551 Samarcanda

+39 06 4994 La Capitale

By public transport - Arriving from Termini Railways Station - BUS 64 stop at Lgt. Sassia (S.Spirito Hospital) - 350 metres walking

From Leonardo da Vinci Airport/Ciampino Airport:

By taxi - We recommend you to only use licensed taxis available outside the airport.

Telephone number main taxis companies:

+39 06 3570 Radio Taxi

+39 06 5551 Samarcanda

+39 06 4994 La Capitale

TRANSPORTATION IN THE CITY

Rome has a very efficient transportation system that services the entire city, which includes the Metro network as well as buses, trains and taxis.
